711 EAST 222nd STREET

EUCLID 23, OHIO

Dedication . . .

This yearbook is dedicated to a group of students who has shared in the infancy of E.H.S., the EUCLIDIAN, and the traditions of our Alma Mater—the June graduating class of 1952.

The class, distinguishing itself by its outstanding deeds and members, will live forever in the annals of Euclid history as a symbol of all the classes that have been and ever are to be. For this class, the first of the perpetual stream which will acquire three years of lore, happiness, and maturity in the halls of Euclid, stands on the threshold of the future preparing to open the door of destiny.

We, the EUCLIDIAN staff of 1952, take pride in dedicating this pictorial and written record of their last year in high school to these graduates.

AUG 13 1965

Hail to Thee, O Euclid High School,
To thy name all praise we sing.
Happy days of youthful pleasure,
Learning, living, life so dear
Our hearts fill with gratitude
For all that is to be—
Alma Mater, Euclid High School,
All our praise we bring to thee.

Where the blue of Erie's waters
Casts the sun's bright golden rays,
There all Euclid's sons and daughters
Sing the joys of student days.
If after days be dark and drear
And storms of life draw nigh,
The memories of our friendships here
Will lift our hearts to Euclid High.

RUSSELL H. ERWINE

Superintendent

This Yearbook closes the undergraduate record of another splendid class. Yours has been the privilege of being the first class to spend three full years in our new high school building. We sincerely hope you have profited not only in the acquisition of knowledge, but in the development of high character and a wholesome attitude toward life.

Your graduation comes at a critical time in the history of your country. Not only is it military, but its moral and spiritual integrity being tested severely. In this hour of crisis I have confidence that you will do your part to bring your country back to a true appreciation of discipline and self-control. This is your opportunity.

RUSSELL H. ERWINE, *Superintendent*

Board of Education . . .

CLIFFORD G. OWENS

Principal

For the Euclidian, 1951-52:

It has been said many times and by many people that your school days are your happiest days. I personally hope that you will have many pleasant memories of your school days as the years come and go. This yearbook will help you to relive your school experiences when you are many years removed from them. Within the pages of this volume, in picture and prose, are the highlights of another enjoyable school year.

Congratulations to all who have had a part in the preparation of this excellent production. The realization of a job well done is reward for your efforts.

CLIFFORD G. OWENS, *Principal*

WALTER SCHWEGLER

Vice-Principal

Character and good health are outstanding assets in building a good life. These should be accompanied by strong friendships that have been built up during your school years. These friendships are the most lasting for they have been tested over and over again.

This yearbook is a record of friendship. Interesting as it is now, it will become increasingly more valuable with passing years.

May you always be as proud of your school in the future as you have been during your student days. Euclid Senior High will have reason to be proud of you who will be numbered among her many successful graduates.

*"In nature's infinite book of secrecy
A little I can read."*

—SHAKESPEARE

With our present-day speed in transportation and communication we can, and many of us will, set foot on foreign soil after only several hours of travel. People everywhere are now our neighbors, and to understand them and to help them understand us is an urgent matter, for world events have put America in a position of leadership among nations.

Graduates are reporting that their foreign language study has, in some cases, so increased their capacity to serve their employers that they have received promotions and wage increases as a result. Likewise, military personnel stationed on foreign soil have a distinct advantage through the knowledge of languages, and, with a large number of young people destined to serve in the armed forces, language study has become highly practical in this new way.

A variety of activities, such as songs, games, short plays, and occasional motion pictures, help to prevent monotony and inspire interest. Letters are frequently exchanged with foreign "pen pal." Some students have continued to correspond with foreign boys and girls long after graduation. A few have exchanged gifts back and forth across the oceans. In this time of world crisis, when the United States so urgently needs the genuine friendship of other nations, no better channel of good will exists than that of the reciprocal friendships of American youth and the youth of foreign lands. This is the best type of diplomacy.

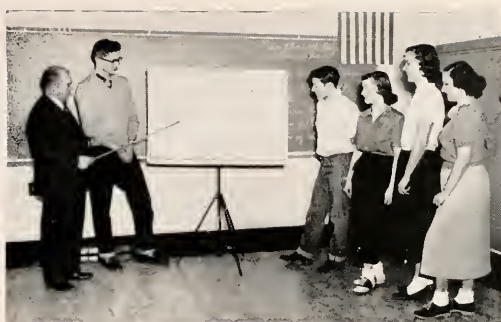

Foreign languages among which French, Spanish, Latin and German are taught at E.H.S., can be used to personal pleasure and profit, and to the greater service of the nation.

Language

The Social Studies department of E.H.S. has many specific objectives in addition to merely having students learn facts from a book. The study of the various phases of the social study curriculum helps a student to acquire certain attitudes and habits of scholarship, both for his own sake, and for the sake of practical utility. He learns the use and application of certain tools such as the adequate organization and composition of written materials that are useful in school and after the period of formal schooling is over. Through the study of such famous thinkers as Socrates and Thales he develops original thought through appreciation, and by becoming acquainted with the principles of government, religion, and social conduct which furnish the origin of those under which we now live they understand better our modern day problems.

To encourage the highest type of citizenship in problems dealing with government, economics, religion, and race whose solutions depend entirely upon an intelligent and understanding attitude of all future active participants in American democracy, and try to develop those qualities which will make for a most intelligent citizenship is not these least of the goals toward which the social studies teacher strives. The encouragement of a cooperative spirit or an attitude of tolerance and the appreciation of culture are two added incentives added to the list of advantages. An appreciation for culture means respect for music, art and literature and the part they have played in our civilization, not that every person taking social studies need be an artist, musician or sculptor. The last and, perhaps, the most important benefit derived from the social studies curriculum is the training in research and interpretation the student receives while studying source materials for the purpose of interpretation and evaluation.

This then is the strong basic platform upon which the social studies department begins to mold Euclid's young citizens.

Social Studies

Science

A knowledge of the various sciences is extremely useful as well as being rewarding. In almost every profession there arises a need for a knowledge of scientific principles. At Euclid High the program of scientific study which is offered to all students is a varied one.

Physics, the science which deals with matter and its ability to perform work, includes the study of mechanics, heat, light and electricity. It has many ramifications into other sciences such as astronomy, geology, chemistry, biology and medicine. It is not so much a science dealing with matter of energy alone, but one that involves a study of the underlying principles which operate in this universe in which we have our being.

Horticulture is the art of growing vegetables, fruits and flowers. In its most extensive signification, it includes the cultivation of esculent vegetables, and ornamental shrubs, a knowledge of which aids the home owner throughout life.

Biology is the study and knowledge of living beings and organized matter as distinguished from inanimate things or inorganic matter. The course includes the origin, structure, development, functions, reproduction and distribution of plants and animals.

Chemistry is that natural science which treats of the composition of matter, the changes produced in it when subjected to peculiar conditions such as heat, pressure or light. It deals more particularly with matter and includes the determination of characteristics which serve to distinguish one substance from another.

This in brief is Euclid's science curriculum. It is serving to give students a brief glimpse into all phases of scientific study, and is preparing them for professions and life.

We all enjoy being challenged. Mathematics fulfills that desire. Our department offers: Shop Mathematics, Algebra, Geometry, Trigonometry.

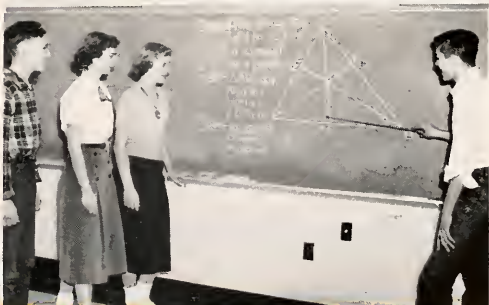

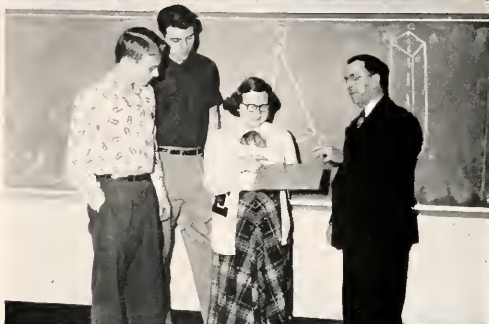

Shop Math will enable a student to proceed in any kind of shop work, or any other skilled work involving tools, for that matter. Many shop problems involving algebra, geometry, and trigonometry are solved.

Algebra is the foundation of all math courses following it. Without algebra there would be no calculus. It requires on the part of every student extreme care and exactness.

Geometry is a study of the more common shapes and forms in a plane and also in a space such as polygons, prisms, spheres. The principal aim of geometry is to train students to think clearly and logically and to give them experience in expressing themselves orally.

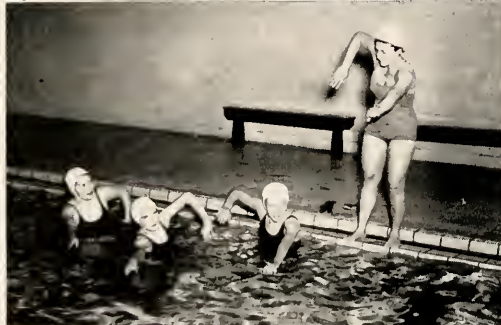

Trigonometry is mainly a utilitarian subject but is absolutely necessary for those who contemplate advancement in science or engineering fields. The students get acquainted with mathematical tables and the solution of right and oblique triangles.

All of the courses in mathematics except shop math are a necessity for the student entering a career of engineering or science. The need of mathematics in tool and die work, tool designing, and machine shop is beyond questioning. Advancement is rapid if the individual is skilled in mathematics. The courses of math are sufficient for all the skilled trades in and out of industry. As well as for a foundation for further mathematics in higher education.

Mathematics

Physical Education

The physical education program for boys and girls is perhaps one of the most important in the Euclid High curriculum. Its purpose is to develop and maintain physical efficiency, establish desirable health attitudes, develop permanent interest in recreational activities, sportsmanship and a sense of fair play, self-control, poise, grace, ease and self-assurance.

The various seasonal activities are to help students learn rules of the games, to play skillfully, to become a more intelligent spectator and promote fine attitudes of sportsmanship and teamwork in addition to developing a respectful attitude toward the decisions of officials. The program includes field hockey, archery, and basketball for the girls and tumbling, relays, softball, and track for the boys.

All students may participate in the swimming program at least once a week. Groups are divided according to proficiency and the beginners learn the fundamental principles while those who are more advanced study diving and work toward a degree in life-saving. Water polo and other games are enjoyed during the recreation periods.

One class period per week is devoted to education in the care of the body and the way it functions. Fundamental instruction in first aid is included in this course and all students are required to keep a workbook of the various subjects studied.

A definite part of the physical education program is the intramural games. Both boys and girls participate in the inter-class basketball, volleyball, and baseball tournaments.

Home Economics

The Home Arts Course offers the high school girl the greatest success and satisfaction both now and after she is married. At present our courses are limited to the foods laboratory and the clothing laboratory and to a single period, one semester course called Home and Family Relations.

In the foods laboratory the girl learns to be a clever hostess, or a perfect guest when she is invited out. Girls place and arrange details for a party, for the least amount of money. While learning to place and prepare foods well, she learns to eat wisely, to improve her health, figure, and complexion. In this way she improves her appearance and pep. Here is a course boys could well advise their girl friends to take.

Nor all persons have time to make all the garments they wear, so girls are taught what to look for in buying a dress and how to get the best value for what she pays. In the sewing laboratory girls learn how to look their best through a good choice of color and design. They learn to care for and repair clothing. Many of them make a child's garment. In this way they get a well rounded experience to prepare them for buying or making clothing when they work or marry.

Girls and boys taking the course called Home and Family Relations may use this credit for Home Arts or Social Studies. Here they learn how to get along with their families and how to meet the problems of married life.

The Home Arts Department offers courses which prepare a girl for the greatest career of her life—marriage.

It might be well to elect such a course in the senior year in the College course. Girls who are unhappy in their present course should talk over their problem with the dean and plan to take such courses as they will use daily when they marry.

Music

The music department offers a wealth of opportunity for the student talented in either vocal or instrumental music to express himself in this vein. There is an opportunity for all, and both popular and classical fields are touched. It is possible to be a member of one of the large groups such as Choir, Band or Orchestra. It is also possible to be a member of one of the many small ensembles sponsored by the department.

Even more important than the music which is learned is the sense of social responsibility developed. The fact that he is a member of a group and that others depend upon him is stressed to the members of a musical organization. Thus he meets a situation which will be constantly with him in later life.

Opportunity is presented for the youth of our school to appear before the public and develop a sense of stage presence and poise. This too will be valuable to him in later life in other fields than just music.

Naturally a desire to play or sing is stimulated, and it is hoped an understanding and appreciation of the finer type of music is developed. But, far more important to the minds of the faculty of the music department is the development of the individual boy or girl, into a good citizen of the future.

Commercial

The students enrolled in Euclid's commercial department have been given many privileges and advantages through the application of the old adage—"students learn to do by doing."

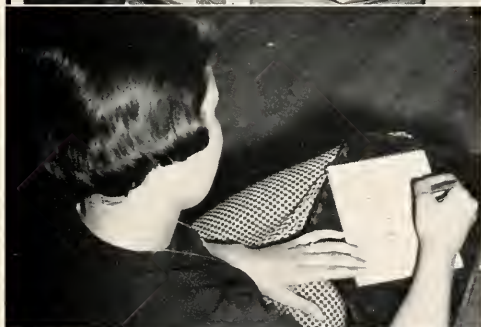

These pupils have obtained much valuable experience which will be useful to them in their life's work.

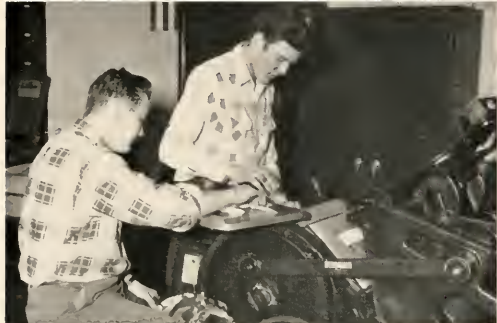

The commercial department at Euclid High School, which enrolls a large percentage of the student body, consists of two divisions—the regular commercial and co-operative commercial. The regular commercial course offers an opportunity to learn within the school, while the co-operative commercial combines this with actual working experience for compensation outside the school.

Our commercial department prepares students in three different ways: 1. For their life work. 2. As an aid to those entering other occupations. 3. As an aid to those students who will enter college.

Students attending college find their business training useful in taking notes during lecture periods, typing term papers, essays, etc., and for obtaining part time jobs. Boys entering the United States Armed Services have been finding their business training exceptionally helpful.

The offerings of the commercial department include Business Information, Typewriting, Bookkeeping, Shorthand, Business English, Business Math, Business Law, Clerical Practice and Business Practice.

Industrial Arts

Generally speaking, the Art and Industrial Arts courses are designed as nearly as possible to provide instruction and experience basic to the vocations and avocations represented in our school, shops, and craft rooms.

The industrial arts subjects as set up are not intended to prepare anyone for a specific job such as running a drill press or becoming a specialist in repairing automobile carburetors of a certain make. The instructors try to give a broad background in the subject, to develop basic skills peculiar to the field, and to teach cooperation within the group.

The general art course is given with the idea of providing as many different experiences and types of work as possible. This includes all kinds of painting and drawing, craftwork and ceramics, lettering and design. The craft course gives more specific instructions in ceramics, enameling, silver work and plastics. There is also a course in lettering, poster and window display work.

The printing course gives the beginner a chance to learn to set type, run presses and design layouts. Advanced students set up and print the school paper and large programs. The general metals course gives experiences in bench metal, sheet metal, art metal, forging, arc and gas welding, and foundry. The machine shop instruction includes work on metal lathes, milling machine, shaper, drill press, grinder and the use of precision measuring instruments. Automotives gives the theory and practice of the automobile with a chance to work on the important parts of the vehicle. Auto driving is the standard A.A. course which prepares a beginner for his operator's license. Mechanical drawing is valuable and necessary to a future engineer or industrial worker. Our course teaches the handling of drafting tools the understanding of drawing symbols used in the machine trades and architecture. The proper work habits are stressed and advanced students go deeply into architectural or machine drawing. The wood-working course is valuable to anyone who would like to use wood for constructing furniture, models, or craft projects. The use of hand and machine tools is taught, along with the preparation and finishing of wood surfaces. Stagecraft is a specialized wood-working course, with the emphasis on scenery construction, stage lighting and properties construction.

English

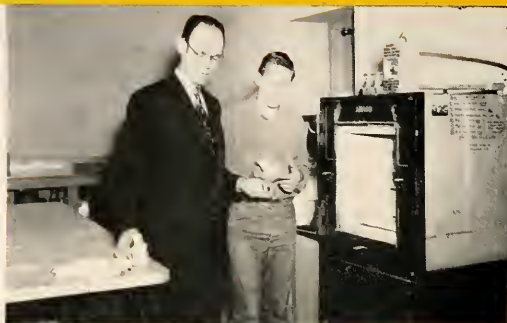

Used in thinking and communicating ideas, a skillful use of language is necessary for every intellectual endeavor and most social relationships. Through many experiences each six-weeks period, Euclid students continually improve their reading, writing, speaking, and listening, helping to make better citizens, to become successful in their life work, and to live happy, well adjusted personal lives.

In English, students develop their ability to read varied materials, to interpret ideas, to judge the worth of what they read. Reading American literature and that of other countries contributing to our culture helps students to interpret their glorious heritage, to develop sound attitudes toward various phases of life, and affords sympathetic understanding of other places, people, and times. Such reading fosters self-understanding. The need to understand human nature and to improve human relationships has never been greater than it is now.

All English courses include frequent opportunities to speak and write. Through these experiences students develop the power and desire to express themselves effectively, to use appropriate diction, and select and arrange materials for presentation to others. Besides increasing ability to think and express thoughts students learn to listen sympathetically and critically and thereby become more intelligent viewers of plays, television, listeners of the radio, and readers of books, magazines, and newspapers.

In addition to courses which all students take, many elect more specialized courses in speech, radio, dramatics, and journalism. Euclid students engage in interscholastic speech and writing contests, speak in weekly assemblies, and write for the school publications, the Survey and the Euclidian.

A well-rounded high school curriculum offers an outlet for each student's varied interests. Such is the program offered at E.H.S. In addition to every possible advantage in the fields of the arts and sciences, courses which flavor the schedule as well as provide knowledge that is not easily obtained from a textbook are such things as crafts, where projects in plastic and metal are created, and the auto driving course in which students learn traffic laws and the correct way to handle an automobile.

Even the finest curriculum is weak unless the student is afforded study time and sources of information. Our efficiently-operated library with its wealth of new and varied pamphlets, books and magazines is conveniently located on the second floor and accessible to everyone in search of facts. In addition to the library during study periods, an honor study hall or one that is faculty supervised, offers each student a quiet place in which to complete assignments or catch up on his reading.

An outstanding group of musicians with a varied program of activities aptly describes the Euclid High School Concert Band. Under the direction of Mr. Dale Harper, the band helped to give General MacArthur a musical welcome on his visits to Tapco and Graphite Bronze on September 9th.

The Concert In Swing held on January 15th featured the Top Ten Tunes as chosen by Euclid students. Band members staged an excellent performance with their clever dramatizations of the latest popular songs.

In addition to several concerts at local fac-

tories, the Winter Concert held on March 28, the Spring Concert held on May 16, and the District and State Band Contests were major projects of the band.

The social calendar of a Concert Band member included several roller skating parties and the gala Military Ball held at Cleveland Heights High on November 10th.

Since the majority of band members are fine musicians in their own right, it was no surprise that many of them ranked high in the solo and ensemble contests held on May 9 and 10.

One of the most active organizations in the music department in 1952 was the A Capella Choir. In addition to singing at Baccalaureate and Commencement, the choir traveled to Tapco on December 20th to do six shows for the Tapco employees. As a reward, they were served a turkey dinner. The same night they went to the Terminal Tower for a half-hour show. They participated in the Lake Erie League Festival which was held at Lorain in March, and the Spring Concert in which they featured various folk songs. Perhaps the most impressive program was the annual Christmas Program in which the choir presented many familiar carols as well as a pageant and sacred music.

The familiar sounds of instruments being tuned issued forth from the Band Room three days a week as the Orchestra tuned up for its seventh period practice session.

An indispensable part of the success of those days, Baccalaureate and Commencement, which are significant to every senior, they played the traditional "Pomp and Circumstance" as the graduates filed into and left the auditorium.

The practices were also in preparation for the annual Christmas Concert which was held December 18th, the Lake Erie League Orchestra Festival held at Euclid on February 9, and the Orchestra contests in which Euclid participated in May.

Which will it be? Turkey or Beans. This was the question asked by members of the Marching Band during football season. Divided into two sections, the band was graded as to the way they had performed in practice. The scores would be tallied and the winners were to have a turkey dinner given for them by the Exchange Club while the losers ate beans. Each week Mr. Dale Harper, Mr. Albert Mitchell, Mr. Robert Clark, and Mr. James Teeters taught them new routines and good marching habits in preparation for football games, the Western Reserve Homecoming Parade and the Memorial Day Parade. Routines included formations with lights, and the majorettes added their bit by performing a new dance every week. At the end of the football season it was decided that every member of the band deserved a reward for hard work so everyone had turkey.

Council Seeks More Interest, Student Body's Cooperation

By Bill Fortune

The Student Council is the student body's something most people know but do not know. Here a student's part in the school's affairs. The Student Council is the student functions at the school. But the case, for at other schools many times, the student in the school.

The student council is composed of representatives and affiliate members that were elected by the students or chosen because of the work they have rendered to the council. As of late the student body has not been interested in the student council and its activities when this happens the council loses its effectiveness, for they do not want the student's consent to do.

Since this year's first issue of The Survey came out in September, no reporters have been listed in our masthead on page two. The masthead is where all staff members are, officially recognized in a special writeup where their position on the paper is indicated.

In the confusion of coming out with the bi-weekly issues of *The Survey*, the editors and advisors had a hard time discovering who could write rapidly and well. Finding reliable and capable writers was a major problem.

Quill and Scroll

Our chapter of Quill and Scroll at Euclid High is only one link in a chain which extends throughout the United States, Canada, Alaska, England and China. It was organized with the purpose of rewarding individual achievement in the field of high school journalism and allied fields.

Fifteen new members, who met the qualifications of scholarship, being recommended by their staff sponsor and having their work approved by the Executive Secretary of the national headquarters in addition to doing outstanding work in their respective fields, were initiated during a formal assembly held on February 15th at which Stan Anderson, noted columnist for The Cleveland Press was the guest speaker. The initiates were called to the platform to receive their membership cards and pins—gold scrolls embossed with a gold quill and bearing the letters I.H.S.H.S.J. which stand for International Honor Society for High School Journalists.

Medals for outstanding work on school publications were awarded Bob Gates and Naomi Colbow who were not eligible to receive memberships to Quill and Scroll.

N. F. L.

During 1952, the second year of its existence, the Euclid High speech department, coached by Mr. Leonard Robuck, excelled its impressive first year record in every aspect. Plunging into the year's activities with refreshing enthusiasm, the many promising sophomore speech prospects presented strong competition to their upperclass rivals in the annual Prince of Peace Contest which was held in November. Experience proved an invaluable asset to winning as N.F.L. president and State Oratorical Declamation Champion Shirley Mardorf made her way up the ladder to place third in the state finals.

An experienced but talented E.H.S. debate team gained valuable experience at the Warm-Up Debate Tournament in Ravenna, and the excellent showing of Euclid entrants in the Individual Events Contests at Canton McKinley, Cathedral Latin and Wadsworth turned the eyes of Ohio speech circles toward Euclid High.

On February 9th, Euclid High, for the first time in the city's history, was host to four hundred seventy Ohio speech students at the Euclid Individual Events Contest. In breathtakingly close competition, illustrated by the fact that sophomore Joanne Lacy won two first places and did not qualify for a medal, Massillon Washington was victorious in the battle for the Sweepstakes Trophy. For the first time Euclid, placing second, became runners-up for a speech trophy.

Immediately following the Euclid contest, the speakers began practicing for the District Contests. Monica Brown, Tom Baker, Robert Dill, Carol Kazar, and Janice Lindstrom won places in these contests, thus qualifying in the race for state and national speech honors.

From all indications, instead of being runners-up next year Euclid High speakers should rank in the top position.

Student Council

BILL NOBBE
President

DAN WAWRZYNIAK
Vice-President

The most important functioning student organization at E.H.S. is the Student Council. Consisting of elected homeroom representatives and guided by Miss Pera Campbell, sponsor, the council regulates school activities and solves school problems in addition to aiding Euclid High by the purchase of auditorium door draperies, a school banner and the maintenance of a record library. These school leaders deserve and command the respect of their teachers and classmates.

ANNE BROWNING
Secretary

LOUIE KNEZEVICH
Treasurer

CONCESSIONS

An important project of the Student Council is the operation of food concessions at athletic events. A great deal of credit goes to Carol Ann Kazar and her hard-working staff of volunteers who kept our guests supplied with refreshments at the well managed concessions from September to March.

HALL GUARD CAPTAINS

The Supply Store under the direction of Bob Lindsay was of great value to those of us who forgot to buy notebook paper or needed a book cover in a hurry. Open every period of the day, the Bookstore or Supply Store was operated entirely by student volunteers.

SECRETARIES

Our Hall Guard system under the direction of JoAnn Archbold insured visitors of a courteous welcome to and guidance in any part of the building. The period captains made certain every post was occupied by a competent person and the hall guards aided the deans by delivering attendance slips to the office.

BOOK STORE

Ann Browning assigned two students to the Student Council Room each period of the day to act as secretaries and perform such duties as delivering messages, guiding visitors, and taking charge of the Lost and Found. These volunteers helped to give Euclid the reputation of a friendly, efficiently operated school.

National Honor Society

One of the most coveted honors a high school is able to bestow upon a student is membership in the National Honor Society. The 1952 installation took place on January 10 at the traditional formal assembly. The members, chosen from the Senior Class and the Junior A Class by Mr. Stanley Whiteside, sponsor, the faculty and N.H.S. members, must have a scholastic average of eighty-five or better and possess the qualities of scholarship, leadership, character, and service.

This year for the first time, parents of the initiates received letters informing them of their son's or daughter's membership and inviting them to the initiation assembly. Parents were instructed to keep the news a secret so that the prospective members did not know they had been thus honored until their name was read before the student body. Also, for the first time, an informal tea was given in the cafeteria immediately following the initiation ceremony for the new members and their parents by the old members and the faculty.

Hi-Y

Left to Right—Graham Teschke, Dick Washburn, Fred Ham, Carlton George, Donald Justus.

To create, extend, and maintain throughout the home, school, and the community the high standards of Christian character—this is the purpose of the Hi-Y organization. The opening of Hi-Y to all boys resulted in a much larger club which necessitated the formation of chapters. Each chapter elects its own officers and aid in the selection of the Inter-Club officers and council. Club activities in 1952, under the direction of Mr. John P. Kuhfahl, head advisor, included community projects, the annual Hi-Y Banquet and the Stardust Ball, annual Hi-Y Friendship Formal.

Row 1—G. Tesche, C. George, F. Ham, D. Justus, R. Washburn, B. Kirchner. Row 2—G. Frey, E. Bessler, A. Reed, D. Niccum, A. Sherrill, D. Wawrzyniak. Row 3—D. McKay, G. Long, D. Malaga, D. Cameron, C. Walters, B. Bushong.

The Cavaliers under the leadership of President Fred Ham, Vice-President Dave Glazer, Secretary Bill Trout and Treasurer Bruce Case promoted attendance at basketball games by selling tickets and sponsoring a student-faculty basketball game.

Euclid students who enjoyed the dancing and entertainment at the Casbah the second Saturday of every month should direct their thanks toward the Knights led by President Joe Justus, Vice-President John Bassett, Secretary Jerry Silverman and Treasurer Gil Frey.

"You vote, we tote." This was the slogan of the Counts who acted as chauffeurs and baby sitters in order to enable voters to go to the polls on election day. Chapter officers are President Skip Wertenberger, Vice-President-Treasurer Fred Miller and Secretary Bill Kirchner.

The Lords chapter of the Hi-Y, aided by President Dan Wawrzyniak, Vice-President Duane Mansperger, Secretary Jack Dugan, and Treasurer Bruce Abbott, went to Tapco and distributed cards to the workers who had donated blood to the Red Cross.

The proper manners and correct attire at school affairs were demonstrated by the Squires in an all-school assembly with the help of President Carlton George, Vice-President Ed Speed, Secretary Dick Miller, and Treasurer Ed Bessler.

The Y-Teen or Friendship Club, teen-age branch of the Y.W.C.A., has three chapters at E.H.S. Miss June Mueller heads the sophomore chapter, Miss Mary Wolverton the junior chapter, and Mrs. Beulah Wilson the senior chapter, and Miss Ruth Vermillion is the director of all chapters. While attending chapter meetings and joint club meetings, girls gain experience in working with and for others. The Cabinet, consisting of the chapter officers, plans the meetings and arranges committees for such events as the Stardust Ball and the annual Hi-Y Friendship Formal which was held February 9.

TRAVEL CLUB . . .

The members of Mr. Peter Badham's club are fortunate, indeed, to be given an opportunity to discuss foreign cities and countries with one who has traveled as extensively as our English exchange teacher.

WORLD AFFAIRS . . .

With the affairs of the world as critical as they are today, the discussion of international problems, under the direction of Mrs. Helen Stewart, is of ever-increasing interest and importance. Each March the club participates in a mock U.N. meeting at Western Reserve University.

DRAW AND PAINT . . .

Mr. Fred Vollman's club affords budding artists an opportunity to improve their ability and experiment with new techniques in addition to working in various mediums such as water colors and oils.

ROUND TABLE . . .

Under Mr. Stanley Whiteside's supervision, the members of the Round Table club discuss current events and local, national, and international policies.

POISE FOR BOYS . . .

Not wanting to be outdone by the girls, a group of boys with Sparky DiBiasio as their instructor organized a poise club to learn and improve upon manners, good grooming, and other social assets.

Clubs

DANCING . . .

For the novice dancer, this club sponsored by Mr. Nelson and Miss Mueller is a great asset. Each Wednesday two representatives from the Fred Astaire Dance Studios give professional instruction in all types of ballroom dancing.

PINOCHLE . . .

Matching wits and card skill, Dr. D. V. Smith's eleventh and twelfth grade pinochle enthusiasts have had many amusing experiences while attempting to improve their games.

BIRD CLUB . . .

With Mr. Clarence Eckert's assistance, students in the Bird Club learn interesting facts about the lives and habits of various birds.

RED CROSS . . .

The Red Cross club, under the direction of Miss Edith Lemon, sponsors many worthwhile service projects and has become a permanent part of the club program here at Euclid.

BIOLOGY . . .

Sophomores interested in biology have found in Mr. Joseph Mayer's club a wealth of interesting scientific knowledge which they could not obtain in the time allowed for the general biology course which is offered to tenth graders.

CHESS . . .

The interesting and challenging game of chess is taught in Mr. Nicholas Price's club, thus giving aspiring check-mate champions an opportunity to practice their skill in a sociable atmosphere.

KNITTING . . .

Knit two, pearl two, slip one are common directions which the members of Mrs. Lillian Barrow's club attempt to follow as their balls of yarn grow smaller and sweaters, argyles and other knitted articles near completion.

BRIDGE . . .

Hearts or spades, bid or pass, are familiar questions asked by the members of the bridge club which is sponsored and coached by Mr. Norman Thompson.

CHESS AND CHECKERS . . .

According to the members of Mr. Fred Johns' club, there will always be a need for practice in chess and checkers, two games which require much skill and intense concentration.

PINOCHLE . . .

It is with great enthusiasm that the members of Mr. Anthony Vaccariello's sophomore card club participate in their foursome and twosome pinochle games each week.

EMBROIDERY . . .

Discovering that beautifully embroidered linens are invaluable to every homemaker, the members of Miss Lucille Aingworth's club are seriously plying their needles to hope chest additions.

HOME NURSING . . .

Miss Bieberle teaches the members of her club the proper way to care for those who are bedridden thus helping members gain practical knowledge which will be of value throughout their lives.

GEM HUNTERS . . .

Under Mr. Ira Stubbart's guidance, the members of the Gem Hunters Club are rapidly learning and putting into practice facts about the art of cutting and polishing various gems.

PING PONG . . .

The sixteen boys who practice improving their ping-pong game in Mr. Al Galicki's third period club seem to find these hours of relaxation spent away from the girls most enjoyable ones.

PINOCHLE . . .

Mr. John Reeves offers interesting new pointers in the fascinating game of pinochle to the eleventh and twelfth graders who belong to his club.

MUSIC FOR FUN . . .

Strains of popular music issuing from the choir room each Wednesday indicate that Miss Jan Tompkin's club is in session. Everyone who enjoys group singing is welcome to join although the club was first organized for those who were not able to include music in their regular schedules.

CRIBBAGE . . .

While attempting to improve their cribbage abilities, the members of Mr. M. I. Gordon's club obtain expert advice and instruction from their sponsor.

FUN WITH SHORTHAND . . .

Mr. Edmund Mize's club proves that school courses can be fun if approached with correct attitude. The student members have spent many enjoyable hours improving their commercial abilities.

SCIENCE . . .

Mr. Leon Heinlein's club opens a new door to scientific study and research for students, some of who enter contests with projects that they have begun here under the supervision of their sponsor.

CHARM . . .

The club sponsored by Miss Wilma Gillman for the benefit of senior girls offers numerous lectures on personal appearance and include such topics as clothes and posture.

PUBLICATIONS . . .

Under Mr. Lester Angene's guidance, the members of the Publications club successfully planned and edited Euclid High's first literary magazine. They also discuss compositions and select entries for various literary contests.

MYSTERY READING . . .

An entirely new type of club was introduced by Mr. Robert Steele this year. In addition to reading mysteries, the members have planned several interesting field trips.

DIAMOND SPORTS . . .

Early conditioning and expert tips on baseball tricks are offered to prospective stars of sandlot and major league ball diamonds by Mr. John Pohio. Most members of this club are members of the varsity baseball team.

FIELD AND TRACK . . .

To boys who are interested in improving their prowess on the cinder track, Mr. Ford Case offers pointers for speed and mileage plus an opportunity for extra conditioning in preparation for team try-outs.

CANASTA . . .

The ever-popular game of canasta occupies the members of Miss Louise Darst's club. Every Wednesday students from all grade levels attempt to draw one or two red treys or succeed in getting a natural so that they are on the winning team.

Girls Leaders

Girls with no lipstick, straight hair, and unmatched footwear mean just one thing—"the white suit and whistle brigade" is initiating new members into its ranks. Athletically inclined junior and senior girls who have met the requirements for membership which include scholarship, leadership, dependability and character are initiated each spring. A rigorous informal initiation precedes an impressive formal installation.

Helping to foster better relations between the Lake Erie League Schools, the Girl's Leaders were hostesses at a Lake Erie League Playday on Saturday, November 19th. G.L.C. club activities also included a gala Christmas party and a Roller Skating Party.

A whistle blowing referee in a white suit is a familiar sight on the gym floor or practice field as the Girl's Leaders aid Miss Dorothy Gill and Miss Jane Lais in gym classes or in refereeing the intramural sports program.

How would you like to "swim" around the gym during a pep assembly wearing water wings and a bathing cap? For the 1952 prospective Swim Cadettes, this was only a part of an informal initiation into one of Euclid High's most important service organizations. In addition to being co-operative and maintaining a scholastic average of C or better, these girls who aid Miss Mary Wolverton in furthering the aquatic abilities of all feminine swimmers must pass a difficult skill test in the pool. Because most of their class time is spent either guarding or teaching and they have very little time in which to improve upon their own skills, the cadettes have an opportunity to shed their familiar blue jackets third period every Monday and enjoy the water while participating in the required Life Saving Course.

The Euclid High Swim Club, Polu Ame Kual Au Kalapu, was organized this year and served as a source of recreation for Cadettes and Boy's Swim Leaders who combined their talents and created water ballet routines which were demonstrated in the Water Show held here April 25th and 26.

The ultimate goal of a member of the Girl's Athletic Association is to possess the coveted letter "E" in girl's sports. When a girl has earned three hundred points by participation in such intramural activities as basketball and volleyball games and individual sports like bowling and roller skating she is eligible to receive her letter.

The G.A.A. Advisory Board, which consists of the club's officers and the respective leaders of various sports, are responsible for planning the intramural program and recording the athletic points.

Opening their first season in the Lake Erie League, the Euclid Panthers posted a commendable season record of five wins and four losses. The season, while not overly successful, earned the Panthers the title of "upsetters" and served notice of what to expect in future seasons.

Facing a highly touted, speedy Elyria team on an unfamiliar field in the first game of the season proved too large a task for our Panthers as they dropped their first opening game in two years. Criticism from the newspapers and the coaches brought a decided change of spirit to the team as they trounced Shaker Heights 31 to 14. Continuing their winning ways at Shaw, the Euclidites capitalized on one of the nineteen fumbles in the game with Don Vivic carrying the ball the last nineteen yards for the game's only touchdown. Canton Lehman, one of the better teams in the state, presented a problem for the Panthers as we invaded Fawcett Stadium. Trailing at halftime 19 to 7, the Panthers bounced back to subdue the Polar Bears. A sensational catch in the end zone by Captain Stan Intihar in the final minute of play, and Don Vivic's blast for the extra point, gave Euclid its fourth straight victory at the expense of Cuyahoga Falls. Jim Nimmo provided two of the three touchdowns. Traveling west to Parma for the only daytime tilt of the schedule brought defeat to our high-flying warriors of the gridiron, and made a perfect background for the approaching game with undefeated Cleveland Heights. The underdog Panthers, trailing at intermission 25 to 6, stormed back to score four times while holding the opposition to one score, and gained the upset special of the Lake Erie League. One week later our brightened prospects were dashed as the team went down to defeat in a storm of snow at Lakewood. The Panthers bowed out of football for 1951 in a driving rain that helped Lorain gain victory, and dropped Euclid to a fourth place tie with Lakewood, each having three wins and three losses.

CAPTAIN STAN INTIHAR

Directly responsible for the Panther's three football wins was big Stan Intihar. Chosen captain by a unanimous vote, Stan combined his six feet five inches with his natural adeptability at ball handling to advantage as illustrated by his repeatedly brilliant performance at left end. Among the list of honors bestowed upon him by coaches and sportswriters at the close of the season was being voted to the All Lake Erie League Team, All-Scholastic Team, All-North Team, All-Ohio Second Team, and chosen the most valuable player in the Lake Erie League. Euclid High shared in Captain Stan's well-deserved glory.

Three new coaches appeared on the football field this season. Strengthening the varsity staff which includes head coach Sparky D Biasio and line coach Clarence Eckert is Neal Nelson, backfield coach and former quarterback for Euclid Shore. Neal ably filled the vacancy created when Bob Lewis left the school and Jim Calvert retired to devote all his energies to basketball. Working with the junior varsity are Joe Mayer and Al Galicki, who are building players for Euclid's future.

This year's "jayvee" football team appeared willing but green. They improved as the season progressed, showed a good spirit, and many will find their way to varsity berths in the future.

Their new coaches, Mr. Galicki and Mr. Mayer, helped greatly in the teaching of fundamentals as well as keeping the spirit of the team at a high level.

With much show of stamina and drive throughout the season, the "jayvee" basketball team compiled a season record of four wins and thirteen losses. Several of these losses were close games where one play or one shot could have changed the final outcome. Although this record is not outstanding, the season served to develop players for prospective varsity berths next year.

Varsity Basketball

With only two varsity letterwinners returning for this year's campaign and a highly commendable junior varsity team from last year to fill in vacancies, our varsity basketball squad posted a 13-5 season record, their best to date.

After suffering a defeat in their first home game with Painesville Harvey, the Panthers moved to Cleveland Heights where they were outclassed and outplayed. Returning to the home court our cagers trimmed defenseless Elyria and the Alumni with ease. Next came two hard-fought victories over Lorain and Shaw, only to be followed by bitter defeat to Lakewood on the latter's court.

Revengeful from their loss to Lakewood, the Panthers outfought and outplayed Shaker Heights and Canton Lehman to bring up the memorable game with Cleveland Heights. The Panther squad then presented Jim Nimmo a fine graduation gift by handing the Heights Tigers their first defeat in twelve games. But the victory streak was short-lived as Elyria upset the Panther Varsity at Elyria due to a morale let-down.

With the return of Center Stan Intihar to the Blue and Gold lineup, our sharp-shooting quintet tripped Shaker Heights, Ashtabula, Lorain, and Shaw to strengthen our hold on second place and keep alive hopes of winning the Lake Erie League basketball title. An upset defeat by Lakewood soon dashed these hopes as the Ranger's Jon McGruder scored a record-breaking 30 points. Bouncing back again we crushed Mentor, as all members of the team saw action. To add to our ever-increasing prestige in basketball circles, the Panthers ended the 1952 season by upsetting previously undefeated Maple Heights on the latter's court in the final game.

Wrestling

This year, the wrestling squad brought the first state championship to Euclid High. With one state champion, Manuel Paz, and three runners-up, Euclid far outdistanced all competitors.

Opening the season against West High's defending champions, our grapplers lost a heartbreaker 18-22. Bouncing back in typical Euclid fashion, the groaners easily defeated Lakewood 26-13, University School 30-6, John Marshall 23-11, Benedictine 32-6, and Thomas Edison 26-8. Continuing their winning ways against a tough West Tech team 23-16, as well as John Adams 22-10 and John Hay 26-14, our boys began to show the championship form needed to defeat first place Shaker Heights. This last meet was probably the most exciting and thrilling in Euclid history, as our wrestlers trailing throughout the meet rallied to upset the highly touted Raiders 18-14 and clinch a tie for first place in the Greater Cleveland Wrestling Conference. Both teams finished with a league record of six victories and one defeat.

At the State Wrestling Tournament held at Euclid High, our grapplers with a fine show of sportsmanship out-fought all teams to win the state wrestling championship as a grand climax to a truly fine season.

Hail to Euclid's first Lake Erie League Champions! The team of Captain Louis Zupanic, George Byrne, Robert Kappelle, and Edgar Zogg displayed fine balance and spirit as they won the Lake Erie League Golf Tournament by one stroke on May 12 at Manakiki Country Club in Willoughby, Ohio.

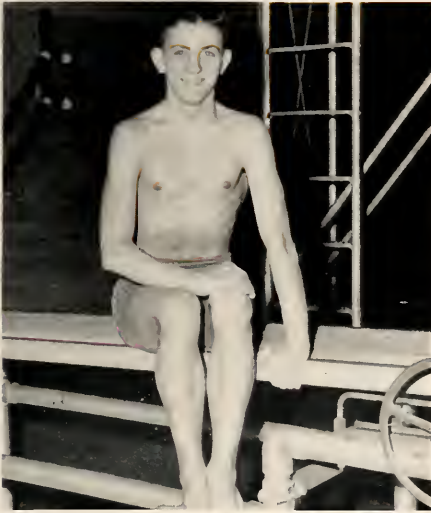

After losing the first three matches of the season, our boys came back strongly to win six of the seven matches to be played before the Lake Erie Tournament. Winning the tournament tended to relax the team somewhat, as they lost three and tied one of the remaining five matches. Under Coach Harold Blackburn's leadership the team finished the season with a medal for each boy and a trophy for the school. George Byrne was voted the Golfer of the Year and his name is engraved on a special trophy.

Mr. Owens accepts Euclid's first athletic championship trophy in the name of the school from Golf Captain Lou Zupanic and Coach Harold Blackburn.

Swimming

CAPTAIN BILL KIRCHNER

Euclid's 1952 swim team was not a title winner, but the thrills it provided and the determination that was exhibited at all meets was certainly in the championship class. Although they were defeated by Cleveland Heights 63-12 in the first meet of the season, their team spirit and individual skills showed steady improvement. As the season progressed, the winless Panther "aquamen" continued to shatter Euclid pool records. Constantly dependable in their respective events were backstroke artist Don Winter, breaststrokes Tim Browning and Don Whiteside, Graham Teschke and Max Krecis, 1953 captain-elect, in the freestyle, and 1952 captain Bill Kirchner in diving. An entire season of losses failed to dampen the team's spirit and with a "never-say-die" attitude they managed to beat Western Reserve Academy in the last of an eleven dual meet season to capture Euclid's first win in swimming. By performance they proved that Coach "Jody" Gram was right in saying "this is one of the finest groups of boys I have ever worked with."

Track

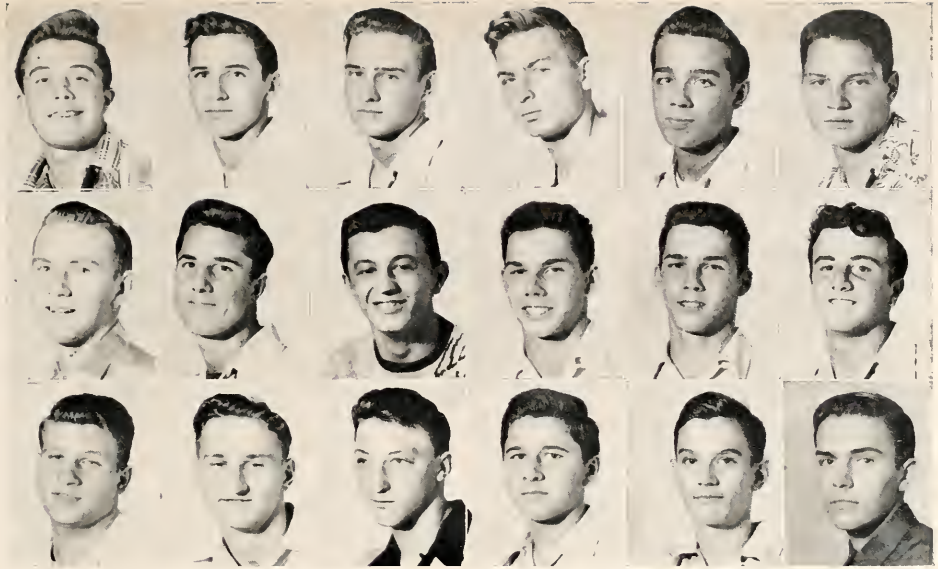

Poor weather caused Euclid's track team to have a bad start, an occurrence which need not be repeated now that E.H.S. has its own indoor track for use all year around. With only twenty-one boys out for the team, and the first dual meet with Cleveland Heights, prospects looked grave indeed. As the season progressed, the team improved, but not as much as their competition.

When the Lake Erie League Track Meet was held at Euclid on May 12, the cindermen, behind the high-scoring Moe Sugarman, finished last, only one-half point behind Shaker Heights. Moe scored Euclid's only first place, doing so in the broad jump. Other scorers were Phil Clark, Tony Bechemer, Stan Intihar, Karl Brockman, and Al DeSimone.

Faring little better in the rest of their attempts, the team failed to win a single dual meet during the remainder of the season. Due to the fine training and experience they have gained, future teams are certain to begin the climb to the top of the L.E.L. ladder.

Euclid High "hardballers" took to the diamond sixteen times during the '51 season to compile an impressive 12-4 record. Sophomore Bill Bartlett led the pitching staff with a total of five wins to one loss. Victorious in their first seasonal tilt, the Panthers trounced Painesville Harvey 8-2 on the city hall diamond. Relaxing somewhat after their gain, the Euclidites suffered three defeats in a row at the hands of Lakewood 0-4, Lorain 0-1, and Cleveland Heights 1-2. Staggered by this unexpected blow the team rallied to put two more games in the win column by defeating Willoughby 6-1 and Elyria 3-1. The Height's Tigers played host to Euclid on the hilltop diamond and handed the Panthers a 2-1 defeat. Rallying their forces, Coach John Pohto's boys were triumphant in the last nine games of seasonal play. The victorious streak included victories over Shaker Heights 9-8, Shaw 5-3, University School 10-3, Collinwood 5-4, Painesville Harvey 2-0, Shaker 6-5, a double-header victory over Willoughby 7-3, 1-0, and Garfield 3-0. The last game scheduled with Shaw was cancelled because of inclement weather. The Shaker game helped Euclid High establish a precedent by participating in the first high school night baseball game ever played in the State of Ohio. With experienced replacements for the loss of third baseman Frank Podnar, the only senior, a seasoned varsity squad will take the field during the next few seasons to make Euclid High a serious threat to all L.E.L. title contenders.

Tennis

The newest sport to be added to the athletic schedule at Euclid was tennis, a sport that is played both in the spring and fall. With the close of the 1951 fall season, the Euclid tennis team found themselves in fourth place with a record of nine wins and sixteen losses. Six teams participated in the round-robin Lake Erie League Tournament including Shaker, Shaw, Lakewood, Euclid, Lorain and Elyria. During the course of the regular season the "netters" gained their first L.E.L. team victory by defeating Elyria four to one. The two doubles teams, composed of three sophomores and one junior furnished most of the victories and provide bright prospects for the next few tennis seasons. The tennis squad of 1951, ably coached by Mr. Frank Trogia, showed a great deal of improvement over last year and will continue to turn out the championship players who will be greatly needed to carry Euclid's hopes for a title in the Greater Cleveland League. In the words of Don Alston, captain during the 1951 season, "Tennis is new in Euclid and it will take a long time to develop a strong, confident team—but still, we are representing Euclid High School to the best of our ability.

The doors of E.H.S. opened for the third time on September 5, 1951, to admit a new class of eager sophomores who were trying to acquaint themselves with the school, juniors who were glad that they were no longer the lowest of underclassmen, and seniors who were starting the last year in their Alma Mater.

With the beginning of the football season, the athletic year was officially started. Students and parents from all the Lake Erie League Schools passed through the new stadium gates to see the Panthers in action on the Euclid gridiron.

Football games meant the appearance of the Marching Band at halftime with their varied and sparkling routines. When they weren't performing, the band members joined the crowds in the grandstand to cheer their team on to victory.

When the tantalizing aroma of popcorn permeated the halls, Euclid students knew that they would be able to purchase a bag of fresh popcorn for an after-noon snack. Members of the Student Council operated the machine after school and at all athletic events.

In addition to the twelve dancing majorettes, Mr. Dale Harper added a new innovation to the halftime program: Clad in a costume similar to the baton twirlers, Joan Clayton, acrobatic majorette, appeared each halftime with a routine of graceful flips and cartwheels.

Throughout the year we had many interesting assemblies, among which was the Trampoline Assembly. Two experts on the trampoline, a contraption resembling a bed spring, performed feats of muscular co-ordination and agility. Highlighting the program were the trampoline debuts of Miss Jane Luis and Mr. Jody Gram.

Highlighting the Christmas social season at E.H.S. was the Homecoming Dance. On December 28, the alumni of Euclid High congregated in the cafeteria to renew schoolday acquaintances. Welcoming the grads were the members of the Senior Class. As a memento of the occasion a review of all graduates and their present activities was distributed to everyone.

Coached by the members of the Varsity squad and sponsored by Mr. John Pohoto, the J.V. cheerleaders were on hand to lead the cheering section at all J.V. football and basketball games. They also took their turn exhibiting their commendable cheering prowess at some of the pep assemblies.

A once-in-a-lifetime treat was offered all Euclidites on September 9th with the visit of General Douglas MacArthur. Many students were able to catch a glimpse of this famous public figure during his inspection tour of local factories and the impressive parade held in his honor. The Euclid High Band took part in the welcoming ceremonies at Tapco and Graphite Bronze.

Throughout the year, dances dominated the social calendar. The cheerleaders Sweater Hop, the Get-Acquainted Dance and the Football and Basketball Dances were a few of the all-evening affairs. The ever-popular after-game dance provided students an opportunity to discuss the evening's athletic event before congregating at Smith's, Glenn's or The Willo for a late-evening snack.

Immediately following the Football Dance, came the opening of the basketball season with its many exciting moments as well as its disappointments. Unforgettable was the hysteria accompanying the thrilling one point defeat of Cleveland Heights, L.E.L. champs, by the underdog Panthers. Those who witnessed this game and the ones that followed will not soon forget the 1952 season.

Whether they won or lost the team had many loyal supporters in the stands ready to cheer them on. From the first game right through the District Basketball Tournament, Panther rooters stuck by their team.

Decorating the press box at every home game was the huge blue banner with EUCLID in gold letters, purchased for the school by the Student Council.

People from Euclid and surrounding areas jammed our gymnasium every night for two weeks during the District Basketball Tournament. With a cry of "revenge" the Cleveland Heights Tigers knocked Euclid out of the finals and a try for regional and state honors. On the final night, second place was awarded our cheerleaders in the race for the Tournament Cheerleading Trophy while juniors Myron Cooper and Frank Nimmo took places on the All-Tourney Team.

State Champions — our wrestling squad. Displaying winning form to the visitors at the State Invitational Wrestling Tournament held here February 29 and March 1. Coach Clarence Eckert's boys tallied twenty-six points to win the first place trophy. Manuel "T" Paz was crowned Euclid's only State Champ. Bill Vigh, Ron Phillips, and Tom Geirano rared second places while junior Dick Brennan took a third in competition.

The arrival of mid-year exams brought Baccalaureate and Commencement. Headed by Valedictorian Blase Skully and Salutatorian Jerome Silverman, the mid-January class received their diplomas on Tuesday night, January 22, from Mr. Russell Glass, President of the School Board. The Reverend Howard J. Brown was the principal speaker at this impressive ceremony.

For some, the sounding of the three-twenty bell in June meant the end of another school year; for others it meant the end of all the joyous days at Euclid High. As we boarded buses or walked toward our homes our minds were crowded with memories of the past year. The teachers, athletic events, fads, classes, everything that was a symbol of our high school. Our vision was blurred as we took one last look at our Alma Mater—Euclid High School.
